

What you need to know

Your Appointment

A normal balloon flight lasts between 60 and 90 minutes, but please plan at least 3 hours for the adventure. In summer, we take off shortly after sunrise or two hours before sunset. During the rest of the year, more towards the middle of the day.

If you already have a voucher for a balloon flight then please call us - between 10 and 14 days before your preferred date to coordinate the exact time with us.

To then confirm your balloon flight, please call us one day before the planned date between 2pm and 4pm for rides scheduled during the week. To confirm your balloon flight over the weekend, then please call us between 11am and 1pm on the Friday. Ballooning is heavily dependent on the weather, so this telephone conversation is for your own convenience and safety – and it can save you an unnecessary journey.

Please bring your completed and signed voucher with you.

The Dream of Flight

In 1783 the Montgolfier brothers developed the first hot air balloon in Annonay, France. On November 21st, 1783, history was made with the first flight: J.F. Pilatre de Rozier and Marquis F.L. D'Arlandes enjoyed a 25 minute flight above the Bois de Boulogne near Paris.

Today it is possible for almost anybody to enjoy hot air ballooning. In this day and age, our guests appreciate even more the beauty of floating absolutely silently through the air – powered only by the breeze.

Enjoy the alpine foothills of the Allgäu region, where King Ludwig II made a mark which can be seen today. Starting with the Falkenstein ruin, over the lakes Weißensee and Schwannsee to Hohenschwangau and the famous fairy-tale Castle Neuschwanstein – a spectacular region awaits.
